## Clean Stride Sticky Mats

Carpeted Clean Stride Mats are sticky mats that remove and trap impurities including dust, debris and dirt for locations that must be void of foreign substances. Our clean room sticky mats have a polypropylene surface door mat on the front half to remove large amounts of dirt and debris and a sticky surface on the back half which removes dust and smaller particles before they can contaminate a "clean room" facility.

- Each sticky mat contains 1 pad with 60 sheets for a total of 60 sheets per mat.
- Once the top sticky mat layer is contaminated, pull off and discard.
- These clean room tacky mats offer economical dirt control for both hard and low-profile carpet surfaces.
- Clean Stride clean room mats are perfect for laboratory and hospital locations.

Item No: W.CCRM
