Waterhog ECO Premier Mats

Waterhog ECO Premier Entrance Mats are one of the most earth-friendly entrance mats produced helping to reduce our environmental footprint. This waterhog entrance floor mat has a unique diamond ridge design which effectively removes dirt and water from shoes. The water dam border on this waterhog entrance mat holds water within its trenches and off of the floor.

- Waterhog ECO Mats are all 100% PET post-consumer recycled drink bottles and 15% post-consumer recycled tires which are awarded points by The Green Building Council's LEED certification program.
- Waterhog ECO Entry System stores water so it cannot leak on to the floor and become a slip hazard. It is certified slip resistant by the National Floor Safety Institute.
- Waterhog Floor Mats surfaces are anti-static and are safe for use in computer rooms and around electronic equipment.
- Waterhog Premier entrance mats are heavy-duty making them able to withstand heavy-traffic use and outdoor applications.
- Clean Waterhog Floor Mats by simply vacuuming or other extraction cleaning methods, or just hose off and hang dry.
