## Waterhog Runner Mats

Waterhog Runner Mats are perfect for use down long hallways & corridors, in front of double door entryways, in mudrooms and garages: just about every where a longer waterhog mat is needed.

- The waffle or "raised square" pattern on the surface of these waterhog entry runners cleans dirt, debris and water from shoes even in high-traffic / heavy-use areas.
- Waterhog Runner Mats contain a water dam border around the perimeter of every mat, which can hold up to 1.5 gallons of moisture (ie, rain and snow) per square yard.
- Waterhog Runner Mats have an anti-static, polypropylene top surface, which dries fast and does not fade or rot, making these Waterhog floor mats ideal for usage inside long hallways and corridors as well as outside front entryways.
- Two backing styles are available with every Waterhog Runner hall matting: the cleated, or gripper, backing works well to keep these runner mats in place on carpeted surfaces while the smooth backed mats are ideal for use on hard floors like tile, wood and vinyl flooring.
- Vacuuming for daily dirt and debris, hosing off for a thorough cleansing to take off mud or use steam extraction methods as needed for a deeper cleaning of every waterhog runner mat.
- Our heavy-duty Waterhog Runners are made with 20% recycled content for a more "green" design.
