Waterhog Window Graphics Logo Mats

Waterhog Window Graphics Mats are a great alternative to traditional Waterhog logo mat products since these Window Graphics are made by molding (aka branding) the logo directly into the surface of the Waterhog mat. This process leads to a subtle, mono-color design with all the benefits and highlights of a traditional Waterhog mat. Due to the set up, these branded waterhog graphics mats are often preferred for larger quantity orders.

- The Window Graphics logo is permanently molded into the rubber backing and polypropylene surface and will not crush, even in high-traffic / heavy use residential and commercial locations.
- An affordable custom mat option when larger quantities of logo mats are needed, Waterhog Window Graphic Mats are ideal for home builders, real estate companies, apartment communities and large corporate accounts.
- Waterhog Window Graphic Mats are constructed with a heavy-duty rubber backing that resists curling and cracking and a stain-, fade- and mildew-resistant, 100% polypropylene fabric top layer with a high/low waffle pattern for excellent scraping and long lasting durability in any environment.

- Every Waterhog mat, including the Window Graphics, have a water-dam border and an absorbent surface that can hold up to 1.5 gallons of water per square yard. This allows these mats to contain larger amounts of water, dirt, salts, debris and other spills on the mat and off the floor.

- A one-time \$395 artwork setup fee will be assessed for each logo mat design (only after the artwork is completed and the design proof is approved). However, there are no additional artwork or design charges.

** Please use Logo Instructions box to indicate specific instructions for the design of the logo.

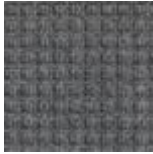

** An artist's proof of the Waterhog Window Graphics will be emailed to you for approval before manufacturing.
